Indiana Dentist Says Girl Found at Springdale Is Not His Daughter

Dr. W. A. Winters, of Newcastle, Ind., the father of Catherine Winters, who was kidnapped at Newcastle a year ago, was in Monett on Tuesday night on his way home after having gone to Springdale, Ark., to identify the strange 10-year old girl found there recently in company with a man who gave the name of Edward Staunt. Dr. Winters was accompanied by newspaper representatives and all were at the Martin Hotel between trains.

"She is not my daughter; my child has no freckles," declared Dr. Winters last night. "Her features are radically different from my girl, and she is larger."

Catherine Winters has been missing since March 20, 1913, and the strain of her loss is telling on Dr. Winters.

Recognized Advantages

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.

At night he discoursed on the doctrines of the church and answered any questions that were asked. He was well pleased with the results of his instruction.

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds, or lung trouble." Money back if not satisfied. Price 50c and \$1.00. At all Druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

The attempt of a few disgruntled politicians to frame up damaging charges against Senator Gore of Oklahoma has met with disaster so far as public opinion is concerned. The blind Senator from Oklahoma is one of the world's great Democrats and his many Missouri admirers lend no credence to the reports by which disappointed pie-hunters have sought to blacken his name. The political frame-up is not popular in Missouri, however it may be regarded in Oklahoma.—Selected.
